

**Presents and invites
you to join us for:**

THE NED & PATRICK SERIES

Resources to help teach foundational reading skills

Ned & Patrick Literacy Kits are a series of books and activities about the adventures of Patrick and his dog, Ned. There are four kits designed to be used for K-4th graders. Each book includes activity cards that correlate with the story to continue to build the targeted foundational skill. At workshops, the authors will walk you through each kit and show how to use the activities for all levels of readers. The first workshop will focus on Kit 1 which highlights the six syllable types. Open to parents, teachers, mentors and tutors.

**After using the kits for a struggling first-grader, a principal shared,
"The books are high interest, and the lessons are easy to follow."**

Questions: E-mail the author Kim Kemen at Kim@ksquad-literacy.com.
