

AUTISM AWARENESS

Embrace. Welcome. Participate.

Embracing Persons with Autism

During the Great Jubilee of the Year 2000, Pope St. John Paul II addressed participants for the Jubilee of the Disabled with these stirring words:

“The Church, as my venerable Predecessor Paul VI liked to say, is ‘a love that seeks out’. How I would like you all to feel welcomed and embraced in her love! First of all you, dear families: those who have children with disabilities and those who share their experience. I say again to you today that I am close to you. Thank you for the witness you bear by the fidelity, strength and patience of your love.”

As Catholics, we are called to welcome all persons with disabilities and during the month of April, there is a particular emphasis on persons with Autism, also known as Autism Spectrum Disorder (ASD). Autism is a developmental disability that can cause significant social, communication and behavioral challenges.

There is nothing about the physical

appearance of a person with Autism that would set them apart from other people. Persons with Autism may learn, behave, react, and communicate in ways that are different than others. Some need very little or no assistance with their daily living; others require substantial supports. The intellectual abilities of persons with Autism can range from gifted to profoundly challenged. Autism affects every person differently, even among siblings who both have Autism.

Since there is a range of abilities and needs among persons with Autism, parishes should work with each person with Autism, their parents, and families to determine the best way to include them in the life of the Church. Some parents of children with Autism feel isolated and alone. They can be overwhelmed with the needs of their child and sadly, can feel stigmatized in their families and their communities. As missionary disciples, we are called to be a love that seeks out and embraces persons with Autism and their families!

REFLECTION QUESTIONS

PRAYER FOR AUTISM AWARENESS

God of Mercy,
We ask that you
strengthen our resolve
and inspire us to
create places of
welcome for persons
with Autism and their
families.

Help us to be
compassionate
to parents whose
child has just been
diagnosed with Autism
Spectrum Disorder.

Help us to be
advocates for and
with children and
adults who are seeking
acceptance and
access to education,
work, services, and
therapies.

Help us to be partners
with caregivers and
service providers to
create a continuum of
welcome and support
for every person with
Autism.

Help us to remember
that every person is
made in Your image
and that every life is
worth living. We ask
this in the name of
Jesus Christ, our Lord.
Amen.

Family: What is our initial reaction to a person with Autism? How will we take time to get to know a person with Autism?

Personal: What can I do to be more welcoming of a person whose disability may make social interaction challenging?

Parish: In what ways can we train our parish ministries to support the participation of families of persons with Autism in parish activities?

How does our parish promote available resources to help persons with Autism grow in the faith?

2% of the world population has autism spectrum disorder.

1 in 59 children are
diagnosed with autism.

ASD is almost 4 times more common among
boys (1 in 37) than among girls (1 in 151).

40% of children with
autism do not speak.
